

Integrazione Nexi

www.farmakom.it

Configurazione NEXI

1. Accedere al backend e recarsi nella sezione:
Configurazioni > Parametri integrazioni

The screenshot shows the Farmakom backend interface. On the left is a dark purple sidebar menu with the following sections: 'FUNZIONI OPERATIVE' (containing 'Vendite' and 'Catalogo'), 'MARKETING' (containing 'Promozioni', 'Contenuti Home', 'Pagine', 'Blog', and 'Clienti'), and 'NEGOZIO' (containing 'Report', 'Configurazioni', 'Dati Farmacia', 'Personalizzazioni grafiche', 'Funzionalità negozio', 'Parametri integrazioni', 'Spese di spedizione', 'Chiusura per ferie', 'Notifiche', and 'Moduli aggiuntivi'). The 'Parametri integrazioni' item is circled in red, and a red arrow points from it to the main content area. The main content area is titled 'Nexi' and contains two sections: 'Nexi' and 'Feedaty'. The 'Nexi' section has the following fields: 'Modalità' (dropdown menu set to 'Sandbox'), 'Alias' (text input with 'ALIAS_WEB_00019710'), 'Signature' (text input with 'THP6OF210K487ASSMYWG2B1EC308CTY1'), 'Return URL' (text input with 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/success'), 'Return URL S2S' (text input with 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/s2s'), and 'Cancel URL' (text input with 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/failure'). The 'Feedaty' section has the following fields: 'Merchant Code', 'Client Secret', 'Widget ID', and 'Site key'. A green notification bell icon with a red '1' is visible in the bottom right corner of the interface.

Configurazione NEXI

3. Inserire il parametro Alias ricevuto per mail nel relativo campo **Alias** del backend.

The screenshot displays the configuration interface for Nexi. The sidebar menu on the left includes sections for 'FUNZIONI OPERATIVE', 'MARKETING', and 'NEGOZIO'. The 'Configurazioni' section is expanded, showing options like 'Dati Farmacia', 'Personalizzazioni grafiche', 'Funzionalità negozio', 'Parametri integrazioni', 'Spese di spedizione', 'Chiusura per ferie', 'Notifiche', and 'Moduli aggiuntivi'. The main configuration area is titled 'Nexi' and contains several fields: 'Modalità' (set to 'Live'), 'Alias' (set to 'ALIAS_WEB_00019710'), 'Signature' (set to 'THP60F210K487ASSMYWG2B1EC308CTY1'), 'Return URL', 'Return URL S2S', and 'Cancel URL'. A red arrow points to the 'Alias' field. Below the 'Nexi' section is the 'Feedaty' section with fields for 'Merchant Code', 'Client Secret', 'Widget ID', and 'Site key'. A green notification bell icon with a red '1' is visible in the bottom right corner.

Configurazione NEXI

The screenshot shows the 'Nexi' configuration page in the Farmakom system. The left sidebar contains navigation menus for 'FUNZIONI OPERATIVE', 'MARKETING', and 'NEGOZIO'. The main content area is divided into two sections: 'Nexi' and 'Feedaty'. The 'Nexi' section contains several input fields: 'Modalità' (set to 'Live'), 'Alias' (set to 'ALIAS_WEB_00019710'), 'Signature' (set to 'THP60F210K487ASSMYWG2B1EC308CTY1'), 'Return URL' (set to 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/success'), 'Return URL S2S' (set to 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/s2s'), and 'Cancel URL' (set to 'https://test.farmakom.it/api/3/v1/frontend/payments/nexi/failure'). A red arrow points to the 'Signature' field. The 'Feedaty' section contains fields for 'Merchant Code', 'Client Secret', 'Widget ID', and 'Site key'. A green notification icon is visible in the bottom right corner of the interface.

4. Inserire il parametro Chiave mac ricevuto per mail nel relativo campo **Signature** del backend.

Configurazione Nexi

5. Verificare che il dominio riportato nei campi **Return URL**, **Return URL S2S**, **Cancel URL** sia corretto e salvare le modifiche.
